MAN UNCONSCIOUS CAR RAN WILD

Crowded Trolley Car Jumped The Track.

SEVERAL PERSONS WERE HURT

Passengers Thrown in the Aisle and Flying Glass from the Shattered Windows Assailed Them—Women Were Trampled On In Excitement.

New York, Dec. 26.—Unknown to those who filled to its capacity a Brooklyn cross-town car which was speeding through Raymond street, the motorman lay unconscious on the platform and the car was running "wild" toward a dangerous curve.

The passengers had felt the jolt of a collision as the car struck the rear of a big dray, but the menace of the situation was unknown.

The collision with the wagon took place at Tillary street. Motorman George Williams was hurled against the rear of the wagon, and dropped back on his platform with a fractured skull.

The car sped on with increasing speed. This first alarmed the passengers, and a woman screamed. Excitement was increasing as the car traversed the block to Park avenue where there is a sharp turn. Conductor James Gilchrist knew of the turn, and rushed through the car to learn why Williams did not apply the brake.

"Just as Gilchrist reached the door the car reached the curve, jumped the tracks and leaped toward the curb. As the wheels struck the pavement the car rocked perilously. Passengers were thrown into the aisle, and flying glass from the shattered windows assailed them. Women were trampled on. The car rammed into an iron fence surrounding a small park and came to an abrupt stop.

The cries of the wounded and terrified passengers brought the police and ambulance from the Brooklyn and Cumberland hospitals. Mrs. Madeline Wheatley was taken unconscious from the car suffering from contusions.

Raphael Bolenzo had been hurled from the rear platform and cut and bruised.

Mrs. Wheatley, Bolenzo and Motorman Williams were taken to the Brooklyn hospital. Two ambulance surgeons treated the other passengers.

FALLING SHED INJURES MANY.

Accident at Americus May Cause Loss of Life to Negro.

Americus, Ga, Dec. 26.—A shed for feet long, civering the pavement of Lee street, collapsed while the sidewalk was crowded with people, burying a large number beneath the debris.

Julius Martin, a negro, will probably die of the injuries received, while Stephen Foster, also a negro, was badly hurt.

Probably twenty other negroes were hurt by falling timbers and flying splinters, many of them making miraculous escapes.

The collapse of the awning caused great excitement in the locality for a time.

Values His Life at $10.

Winsted, Conn., Dec. 26.—Dr. J. Dobson, of Riverton, has attached real estate owned by Charles Roberts to recover on a bill for medical services amounting to $68. Roberts a few months ago attempted suicide by taking laudanum. Dr. Dobson saved his life after working over him for several days. Roberts paid Dr. Dobson $10, and claims that was all the job was worth.

Savannah, Ga., Dec. 26.—A special to the Press from McRae says that Colonel Tom Eason, prison commissioner, attacked Professor R. J. Strosler, superintendent of the South Georgia college, with a heavy cane, inflicting a painful injury on the head. Colonel Eason was said to have been angry because of a reprimand administered to his son by Professor Strosler.

SEACHERY MET TRAGIC DEATH.

Newly Appointed Bailiff Shoots an Ex-Bailiff.

Tuskegee, Ala., Dec. 26—News has reached here of a deplorable tragedy, which occurred at Notasulga.

Roy Hayes, recently appointed bailiff shot and almost instantly killed Jesse Seachery while attempting to arrest him.

Details of the killing are meager.

Seachery was discharged as bailiff and the report is that he was drunk and disorderly on the streets when Mayor Jackson ordered his arrest. Mr. Seachery resisted and Sheriff Huddleston was sent for to tke him in charge. Sheriff Huddleston and Deputy Sheriff Daniels were on the way to the scene when the man was killed. It is said Seachery told one Bob Bowles that "Some one was going to fill a 6-foot hole in the ground and it might be him."

Seachery leaves a wife and several children. Hayes is here in custody of the sheriff.

Turner's threats to denounce his enemies and create other sensations on the gallows were not carried out. He only asked Sheriff Tobin to be sure to fix the knot so that it would break his neck.

"I don't want it to hurt me," he said.

There were 250 witnesses to the hanging, among them 25 Texas sheriffs.

Thugs Did Deadly Work And Made Escape.

ONE BODY PLACED ON TRACK

Three Men Assaulted In Mississippi Town and So Far the Police Have Been Unable to Find any Clew as to the Assailants.

Columbus, Miss., Dec. 26.—Three highway assaults and robberies have been reported to the police.

Two of the victims, one a white man and the other a negro, are now dead from the assaults, and the third owes his life to the merest good fortune.

The first case was a negro, who was picked up near the hosiery mill, with his head badly battered and his pockets rifled, never regaining consciousness.

The police department was notified that a man had been run over and killed by the Mobile and Ohio train.

Upon investigation it was found that the man had a bullet hole and a knife wound in the breast. The dead man was identified by a Mr. Frederickson as A. E. Holly, whose home was Scranton, Pa. The coroner's verdict was that he had been robbed and murdered and then his body placed on the track for deception.

The third case was that of Mr. Wells, who reported to the police that he had been knocked upon the head in the same locality. He handed over his pocketbook after having been struck.

There is no clew to any of the assaults and murderers.

PURSUED BY MISFORTUNE.

Man Loses Two Sons, House Burns and Now He Is Ill.

Millville, N. J., Dec. 26.—That misfortune seldom comes singly was demonstrated by the ill luck which has pursued the family of Willis Campbell, a prominent glass worker.

His son, Arthur, fell from a launch while on a pleasure trip last fall and was drowned in Maurice river; his wife has suffered from nervous prostration since Arthur's death; another son died a few days later; Campbell's large flock of chickens was poisoned and died; a fire destroyed almost his entire household possession last week, and now he is ill from overwork.

Murdered Friday Night and Left In a Room of House.

Atlanta, Dec. 26.—The dead body of Exie Persons, a negro woman, was found in a room of her house Sunday morning by a white man, who had been told that the woman was missing.

The woman had been struck on the head with an ax or hatchet.

An officer investigated the affair, and made a report to Captain Moon. The case is now being worked on by detectives.

The woman's husband has not been found, but neighbors say he left for Birmingham several days ago, and that the woman had been seen since his departure. She was doubtless murdered Friday night, and left alone in a bedroom. The body, when found, was lying near the chimney corner.

The body showed signs of being dead for some time.

BOY PLACED BAR ON TRACK.

Train Was Running Late Which Saved It from Being Wrecked.

Clarksburg, W. Va., Dec. 26.—Baltimore and Ohio Railway policemen arrested Dorsey Stutler, aged twelve, for attempting to wreck the New York and St. Louis Fast Express train at Central, W. Va.

It is charged that the boy securely fastened an iron bar across the track and then secreted himself to see the wreck. The train was running 40 minutes late, which saved it from being ditched by the alleged obstruction.

A trackwalker flagged the train, which was carrying a heavy cargo, and had it struck the alleged obstruction many lives would have been lost.

The boy, it is believed, will be sent to the State Reform school. Recently a cousin stoned two trains and was sent to the same institution for six years.

Negro Is Wounded.

Athens, Ga., Dec. 26.—Walter McRae, a negro man, lies very dangerously wounded at his home in this city, while the police authorities are hunting for the negro man who shot him and who up to this time is unknown to all. A negro named Joe Horton has been arrested on suspicion, but the evidence has not yet been found to absolutely connect him with the crime.

ARMED REBELLION HAS BROKEN OUT

Civil War May Deluge Russia In Flood of Blood.

STRIKERS' THREATS MADE GOOD

Though Revolutionists Are Believed To Be Without Arms, the Capture of a Few Arsenals Would Give a Start. Loyalty of Regiments Doubted.

St. Petersburg, Dec. 24—(8:30 p. m.—With Moscow's baptism of blood, the revolutionaries made good their threat to transform the strike into armed rebellion, and the next 48 hours should determine whether they can marshal sufficient strength to plunge the country into an actual state of civil war and seriously threaten the immediate downfall of the government.

The government professes confidence that the whole attempt will fail owing to the woeful insufficiency of arms in possession of the proletariat and by reason of the loyalty of the army as a whole; but its calculations might again be rudely upset.

A few arsenals might be seized to furnish arms or the open support of a few regiments might start a landslide in the army. Certainly, the shrewdest of the revolutionary leaders fully appreciate that the issue must be decided by the attitude of the army, which is yet to cast the die.

Instructions have gone forth that the risings must occur everywhere to test the troops and if a foothold can be secured, it is the intention of the revolutionaries to set up a provisional government and proclaim a republic.

Thus far reports from Moscow do not clear up the vital point as to whether any of the trops there actually refused to obey commands, although there are persistent rumors that they did.

Revolutionary leaders here claim to have confirmation of a report that a grenadier brigade and some Cossacks mutinied and are now locked up in their barracks.

Barricades Thrown Up.

While the military succeed everywhere in driving the insurgents from their barricades, in Moscow Saturday night the defeat evidently was not a decisive one, as barricades were again thrown up in dozens of places this morning and fighting was renewed before 11 o'clock.

The Associated Press understands that orders have been issued for an uprising here, but the government's measures seemingly render this impossible.

No meetings, public or private, are allowed, which makes an assembly of more than five persons in a private lodging illegal. The prisons and jails are filled with leaders of the revolutionaries and agitators.

Two caches of arms have been seized and an entire organization consisting of three hundred "druzhna," as the student militia is called, has been captured.

Rumors were purposely circulated that a conflict would be inaugurated at a demonstration of workmen in the Nevsky Prospect this afternoon, but they proved to be unfounded.

Aeronauts Jumped.

Berlin, Dec. 26.—A balloon with three officers of the German ballooning battalion ascended from Berlin. Their airship became entangled in the high tension electric wires of the woolen mills at Forst, in the province of Lausitz, and the balloon exploded, forming a huge ball of fire. The officers jumped from the car and escaped with slight injuries.

CAPTAIN MITCHELL MET SUDDEN DEATH

Was Killed by Negro at St. Petersburg on Christmas Day.

WAS MAKING AN ARREST

Serving as Special Officer, Attempted to Arrest a Desperate Negro, and Lost His Own Life—Negro Was Taked From Jail and Shot.

Captain John J. Mitchell, an erstwhile conductor of the Atlantic Coast Line, was killed by a negro desperado at St. Petersburg on Christmas day, the result of an attempt to arrest the negro. The affair caused so much excitement that the jail was broken into, the prisoner taken out and shot, as a matter of revenge to the offended man.

The story as told by an eye witness was to the effect that the negro was boisterous through the streets, defying the officers to take him, and remarked that "no d——d white man ever born could arrest him." Captain Mitchell, who was a gentleman of honor and refinement, and who held a position on the special police force, could not stand the insinuating reference, and went to make the arrest. In doing so he was stabbed several times in the neck, from which death resulted in a few moments.

Captain Mitchell was a conductor on the Atlantic Coast Line for many years. He was with the Florida Southern when that road was a narrowguage, and had many friends here, as he ran between this city and Palatka for several years. He at one time owned valuable real estate at Leesburg, where he lived, and afterwards resided in Gainesville and Palatka.

Captain Mitchell's family are residing in St. Petersburg, where the funeral was held Tuesday.

CHRISTMAS TRADE.

Merchants Are Satisfied With Results of Yuletide Customers.

While the Christmas holidays were interfered with to a certain extent by inclement weather, the merchants as a rule state that trade was good, and that everybody seemed to have money.

"I have never seen business better in the seventeen years I have been in business in Gainesville," said one business man, "and I know that every other merchant shared a good trade in proportion." This merchant stated that he knew everyone had money, from the fact that they exhibited ten and twenty-dollar bills for change in purchasing goods from him. "It seems like a fairy tale," he said, "but twenty or twenty-five customers, in paying for their purchases in my store, opened wallets filled with money, and offered me anywhere from a ten to a twenty-dollar bill in payment. I did not object to the trade, but it kept myself and my clerks 'humping' for change."

FOOD—
NOT MEDICINE.

If all the treatments for consumption were put in book form it would make a pretty big library. But after all there has been little improvement over the old treatment of rest, fresh air, sunshine, plain, wholesome food and Scott's Emulsion. The latter supplies nourishment that cannot be secured in any other way, and after all, nourishment is what the consumptive needs first.

A gain in weight, however slight, is a long step toward improvement. If there is the least thing to build on Scott's Emulsion will enable the patient to make that gain. People have gained a pound in weight from a bottle of Scott's Emulsion—it's an exception when they don't.

We have seen Scott's Emulsion take hold of a patient and bring about a change for the better inside of a week. It always helps even the most stubborn cases.

SCOTT & BOWNE, 409 Pearl Street, New York.

PELHAM JUMPED BOND.

He Was Re-Arrested by Deputy Sheriff Granger, and Now in Jail.

Deputy Sheriff J H. Granger, who is ever alere for criminals and for additional honor, has added another laurel to his record by arresting Joseph Pelham, who was some time ago arraigned before Judge Mason and sentenced to pay a fine or spend six months in jail for carrying a concealed weapon.

Pelham, who seemed to be a man of some influence, secured a bond and made an appeal. The circuit court, fall term, took the matter up and affirmed the decision of the lower court, but Pelham was not on hand, and was subsequently arrested upon a charge of "jumping" his bond. He will now be compelled to serve the sentence imposed in the county judge's court.

Cooper, the well known criminal lawyer, who has been fighting to save J. G. Rawlings and the Rawlings boys from being hanged for the murder of the Carter children. "Nobody but a crazy man would talk as he has talked. He made up his mind that he was bound to be hanged and it overthrew his reason. I now have his case before the United States court under the fourteenth amendment, but I may yet have to resort to lunacy proceedings."

GEORGIA SOUTHERN'S THROUGH SCHEDULE

Will Run Train From Macon To Gainesville Without Change.

SERVICE WILL BE A FINE THING

Passengers May Get on Train in Macon, and Will Not be Compelled to Leave Coach Until Destination in Gainesville is Reached.

After having been on a "side line" for six years, it is asserted by those in authority that there will soon be a through line to Gainesville, and the Georgia Southern and Florida and Gainesville and Gulf will be responsible for the service.

It has been said that the Georgia Southern has been figuring for some time on making a schedule from Macon to Gainesville, with the result that a schedule has been figured out to this city that will prove a big thing for the town. It will be a schedule which will afford passengers a through service, and will give them an opportunity to come to Gainesville without change to their destination.

It is understood that the Georgia Southern has arranged for a service which will include the service of the Gainesville and Gulf to Micanopy, and that the train will be run through to that point. In that event the Georgia Southern will control the interests of the Gainesville and Gulf, and this will mean that the train will be run to Micanopy, which will give the people of Micanopy a service which will prove of great convenience.

BOARD OF TRADE TODAY.

It Will Discuss a Union Depot for Gainesville.

This afternoon at 3 o'clock there is to be a special meeting of the Gainesville Board of Trade, having for its object the consideration of the question of a union passenger depot for Gainesville.

For several months the people of Gainesville have had this matter under advisement in a general way, and it is proposed today to bring the matter to the attention of the Board of Trade and make an appeal to the railroad companies which run trains into this city. The members of the Board of Trade are urged to be present and take an active part in the discussion.

It is believed that with a proper effort a union depot for Gainesville will be erected within the next six months.

METHODIST CHRISTMAS.

Sunday School Will Have Exercises and a Fine Supper.

The Methodist church will deviate somewhat from the old Christmas tree festivities, and have decided to hold an entertainment at the church, to which everyone is invited, and afterwards will indulge in a supper at the Dormitory. The entertainment will be open to everyone, and will comprise an interesting literary and musical program. The supper is intended for the members of the Sunday school and their families, however, and will be enjoyed only by them.

A cordial invitation is extended to the public to attend the exercises at the church, which will begin at 7 o'clock Thursday evening.

BIG LAND DEAL.

J. W. Patton Sold to J. J. Haymans 500 Acres of Timber Land.

J. W. Patton, representing Eastern interests, Tuesday closed an important deal with J. J. Haymans, the naval stores operator of Lochloosa, whereby five hundred acres of valuable timber land has been transferred to Mr. Haymans.

This deal was important, in the fact that the timber transferred is among the finest in that section, and will yield finely of turpentine. It realized a good price, and Mr. Patton, Mr. Haymans and the "whole business" are satisfied.

There are rumors of great transformations near Lochloosa, which will be given the public in a day or two. Something of importance is going to happen in that section.

Attention, P. O. S. of A.

The regular meeting of this lodge will be held this evening, at which there will be an election of officers. A full attendance is desired.

NEWS OF CITY AND COUNTY CONDENSED

Superintendent N. A. Callison of Spring Park Farm left two or three days ago for Georgia, where he went on business connected with his farm. He is one of the best stockmen in Florida, and is bound to make a success of his place.

A. D. Darby, formerly of this city but now residing at Lake Butler, where he is employed by the Duncan Mercantile Company, spent Christmas with his family here. Mr. Darby expects to be located with the J. E. Futch Company, Alachua, after January 1st.

Phillip Miller of Jacksonville is in the city on a visit to his family and friends. Mr. Miller states that the Florida metropolis is prosperous, and that he is prospering himself in the real estate business, which will be gratifying to those who know him, as he deserves success.

Attention is called to the continuance of the great closing out sale of the Morris-Phifer Company, which will be in force until January 1. This firm has lots of goods, and is willing to sacrifice same at prices which are interesting. Prospective purchasers will do well to investigate.

Engineer George Estabrook of the Atlantic Coast Line spent Christmas with his wife here. Mr. Estabrook is running on the Atlantic Coast Line and makes his headquarters at High Springs. He has a fine farm near Gainesville, however, and expects some day to make his home here.

J. M. Everett, a prominent citizen of Donnie, was in the city yesterday. Mr. Everett is now engaged in the crosstie business and has a large camp in LaFayette county, a few miles beyond the Suwannee river. He was en route yesterday to Micanopy, where he was summoned on important business.

M. F. Osteen and M. F. Barry, trustees of the Forest Grove school and prominent citizens of Wade, were visitors to the county capital yesterday, having come on business connected with their school. They state that the school is in excellent condition, and that it will show up as one of the best schools in the county.

Trueheart Bodiford has arrived from Baltimore, where he has been attending a pharmaceutical college, and will spend the holidays with his parents, Dr. and Mrs. J. S. Bodiford. His friends are glad to see him, and to know that he is progressing. He expects to finish his work in another term, which will complete him in June of the coming year.

J. R. Emerson left yesterday for Kirkwood, where he took a large party of West Virginians, comprising twenty, to see his grove. Mr. Emerson owns one of the finest groves in the State, and it is appreciated by those who see it. Many of the party whom he accompanied have never seen a bearing orange tree, with the result that they will appreciate it more.

McCormick & Howe, the grocers, have received a new delivery wagon from C. C. Pedrick, and as a consequence are happy. It is one of the handsomest and best which have been turned out from that factory, which is saying a great deal. The public should feel proud of this institution, which not only turns out the "proper stuff" but gives employment to a large number of experienced men.

Miss Claudia Bradley, formerly of Waeahoota but now residing in Jacksonville, passed through the city yesterday en route to her home, where she will spend a few days with her parents, Mr. and Mrs. R. S. Bradley. Miss Bradley states that travel is very congested now, and that she was compelled to wait in Jacksonville an hour and forty minutes before she could get access to the ticket window.

There might have been some smokeless powder used on Christmas Day, but it wasn't noiseless.

If men were to judge the future by the past they would be so discouraged that they would feel like giving up.

Yuan Shi Kai, now the leading statesman of China, is said to equal the eminent Li Hung Chang in diplomacy.

It is not much encouragement of a graftless State to learn that New Jersey owes nothing and has $8,000,000 in its pocket.

New York's 400 has been reduced to seventy-nine, leaving 321 persons whose social fame is that they are in the has-been class.

The ladies of Tallahassee got out a Christmas edition of The Daily Capital that was so bright it reflected much credit on their ability.

A dancing school is to be added to the University of Chicago. At least the dancing teacher will be entitled to call himself "professor."

John D. Rockefeller has drawn $5,000,000 as his share of the Standard Oil quarterly dividend of $10 a share. The total yearly dividend is $40,000,000.

It is said that LaFollette had his hand on the back of his chair in the Senate, before he called to Jim Davidson to "let go the hawser" of the governorship.

At a Socialist meeting in Philadelphia a speaker was called down by a policeman for denouncing President Roosevelt as the "advance agent of the Czar." Guess Nick would like to have the advance agent cancel a few dates.

When General Robert E. Lee was offered a very large salary for the use of his name as president of an insurance company of the North, on account of the high esteem in which he was held by the people of the South, he replied: "What influence I have with the Southern people is not for sale." If we had a few such men as General Lee now the country would be better off. He was the sort of Christian gentleman that we have need of at the present time.

The Christmas trade of Gainesville was a hummer, and the stores were crowded until late Saturday night with buyers. Some of the merchants opened their places of business in the forenoon of Christmas, and had a hard time to get the stores emptied so they could close at 12 noon. It seemed as though everybody had easy money that they wanted to spend. There was the best of order on the streets, no rowdyism, and very few men made their appearance who were the worse for liquor. The money that was spent to make people happy in Gainesville on Christmas, 1905, did not cause them sore heads the day following. There are always a few exceptions to every rule, so there may be in this instance, but the occasion was a very satisfactory one to legitimate trade, and the dealers who invited trade through the columns of The Sun, got it.

THE STATE PRESS.

A letter from Tallahassee advises us that Tuesday the Supreme Court rendered the decision in the case to test the constitutionality of the Buckman bill. The law was sustained, the court deciding that it is constitutional. Is is fortunate that it was found to be so, for now the University will not be hampered with the question of the validity of the law any more.—Sumter County Times.

All of us, pro and con, now have a tempting opportunity to subside into graceful silence as to the alleged constitutional defects in the Buckman educational law. The Supreme Court of Florida, after long and careful consideration of the issue, has decided without a dissenting opinion that the law is constitutional and the decision at once clears the atmosphere and assures the future of the University at Gainesville.—Live Oak Democrat.

The Supreme Court has decided that the Buckman educational bill is constitutional, as all good friends of the new system hoped would be the case. The opposition to the bill was not sincere as to the constitutionality of it, so much as an attack upon it, in order that the University should not be built at Gainesville. Whatever of satisfaction there may be in the decision as to the bill itself, it is gratifying that this sort of warfare cannot succeed. The Buckman plan is a thoroughly good one, and the place selected for the University is O. K. Let the good work go on.—Orlando Daily Reporter.

SUNSTROKES.

The year 1905 will soon be thrown into the history pile. See if you can't improve 1906.

It is astonishing how little some of our big States think of educational matters, unless they happen to have institutions located where it pleases them.

The rush of people Friday and Saturday for holiday goods would indicate that there is plenty of money in this section. And the cash stores were as crowded as any.

The President and family were entertained by Vice-President Fairbanks and family the day before Christmas to a luncheon. The Vice-President froze the ice cream.

Capt. W. J. Hillman of Live Oak says he will not run for Governor. We hope all the availables will not step down and out, for we've got to have a Governor, and the time is getting shorter every day.

There is such a turpentine craze on that a business man who had the front of his store decorated for Christmas with some small pines had to watch them all the time to prevent turpentine men from "boxing" them.

The Telegraph would indicate that Starke is a busy town. It has lots of local news, is neatly put together, and a stranger would judge from its appearance that Starke was a city of four or five thousand population. Such papers should have the support of the entire people of the city, no matter if everything don't "just suit" that appears in its columns. Be a man and support the paper that helps all.

A pension bureau to take care of old and faithful employes long in the service will be established by the New York Central, the Lake Shore, the Michigan Central, and the Cleveland, Cincinnati, Chicago and St. Louis, under a decision reached the past week by directors of the several companies. Committees are in charge of the details of the plans, and it is expected that definite announcement will be made to the employes in a few weeks. The scheme will be carried out somewhat along the general lines followed by the pension plan of the Pennsylvania system.

WOMAN SHOT BY NEGRO.

While Doing Christmas Shopping On Crowded Street.

Atlanta, Ga., Dec. 26.—Mrs. Margaret Reinwater, an elderly woman who lives at Blandtown on the Seaboard Air Line railroad, was shot and seriously wounded by a negro on Marietta street, in front of Sharp's drug store late Saturday afternoon.

The negro escaped.

Mrs. Reinwater was shot in the hip and while not considered dangerously wounded, it is thought by the hospital officials that the wound may result fatally owing to Mrs. Reinwater's age.

No cause has been given for the negro's deed, and it is not known whether the shooting was intentional or done accidentally. Mrs. Reinwater was carried to the hospital.

The shooting caused the greatest excitement in the neighborhood, and many threats were made against the negro. Owing to the large number of persons on the street, however, it was impossible to identify the assailant who fired the shot.

Later Officers Rosser and Norris arrested a negro who gave his name as Henry Clark, on suspicion of having done the shooting. He declares he is innocent.

Beef Trust Jury Completed.

Chicago, Dec. 26.—The jury which is to try the plea of the packers that they were promised immunity from prosecution for furnishing information to Commissioner Garfield, has been completed. The taking of evidence will not be begun until after Christmas. It took nearly two weeks to select the twelve men.

No Sunday Theatricals.

Laporte, Ind., Dec. 26.—The council of this city has passed an ordinance prohibiting theatrical performances on Sundays and providing a fine of not less than $50 nor more than $200 for each offense. The ordinance cannot go into effect for two weeks yet.

Shoppers Drove Clerk to Chloroform.

Logansport, Ind., Dec 26.—Exhausted by insistent Christmas shoppers, Lawrence Kirshefer, aged 23, of Fort Wayne, employed in a department store, took chloroform. Physicians saved his life.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. ASSAULTED IN HIS OFFICE.

Robber Uses Former Assemblyman Very Roughly.

New York, Dec. 25.—John H. Bonnington, former assemblyman and Democratic leader in the Borough of Kings county was assaulted in his office early today by William S. Selms, a son of a banker and wealthy real estate dealer. Bonnington is in the hospital with severe scalp wounds, but will recover.

Selms is under arrest, and according to the police, has confessed that he was bent on robbery. Selms is 20 years old.

Mr. Bloomington had worked at his desk all night when early this morning he heard a noise on the roof. Upon investigation he found the skylight of the adjoining building broken and the man lowering himself into the building.

Mr. Bonnington commanded the culprit to come out. Climbing up the rope hand over hand, the man reached the roof and started for Mr. Bonnington, who retreated to his office, where they beat Bonnington until he was unconscious.

Policemen who heard the victim's cries, rushed to his rescue and saw Selms disappearing in the office of his father in the same building. He was finally taken after a struggle.

Torfure of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without relief until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough and saved me from consumption." A grand cure for diseased conditions of throat and lungs. At all druggists; price 50c and $1.00, guaranteed. Trial bottles free.

Workers to Make Direct Request.

Wilkesbarre, Pa., Dec. 26.—Officials of the United Mine Workers have declared that the anthracite coal operators would not be asked through any intermediary to meet the union committee appointed by the Shamokin convention. This effectively disposes of the statement that President William Conrall, of the conciliation board, would be the man to bring the mine workers and the operators together. A union official declared that President John Mitchell is to write the request for a meeting, that it will be short and that it will be sent to the head of each coal company.

"Miss Dooley" Is Dead.

Chicago, Dec. 26.—"Miss Dooley," one of the largest oranoutangs in captivity, died in the Lincoln park zoo. She was three years old and good-mannered and good tempered until fatal illness seized her. Before that she was happy with her mirror and a comb with which she groomed her auburn tresses. When consumption took her she broke her mirror and comb and refused all medicine. She will be subjected to a post-mortem examination and the skin will be stuffed.

Houses Shaken By Earthquake.

Hagerstown, Md., Dec. 26—The town of Hancock in the western end of this county, was shaken by an earthquake until the houses rocked and windows rattled causing the residents to become greatly alarmed. At Berekely Springs, the shock was felt distinctly. A rumbling noise like distant thunder was heard, followed by a wave which extended far up into Fulton county, Pa.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman of Harper, Wash., "I had a bitter battle with chronic stomach and liver trouble, but at last I won, and cured my diseases by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold under guarantee to do the same for you, by all druggists at 50c a bottle. Try them today.

SHERIFF IS SLAIN IN COURT.

Insane Man Also Took a Shot at the Judge But Missed Him.

Ukiah, Calif., Dec. 25—Frank Willard, an insane man, shot and killed Sheriff Henry Smith, of this county, in Judge White's chambers.

He then fired once at Judge White, but the bullet missed him. Willard then rushed down the stairs leading to the judge's chambers and then out of the courthouse, shooting at every one who attempted to stop him.

Associate Judge Thomas heard the noise and rushed to his door, Willard thrust his revolver into the officer's face but did not shoot. Willard ran through town and headed for the Vichy canon.

An armed posse started in pursuit immediately and came upon him just as he was entering the canon.

When the members of the posse caught up with him, Willard emptied his pistol at them, and shots were exchanged. No one was hurt.

When Willard's pistol was emptied, he threw it away and begged the officers not to shoot him.

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician, but before he could arrive another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, December 1st, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and $1. Sold by W. M. Johnson.

Freight Injures Young Man.

Statham, Ga., Dec. 26.—Vergil A. Smith was struck by a southbound freight train on the Seaboard Air Line railroad and is lying at the home of G. N. Arnold in a dying condition. His right arm was cut entirely off and his skull fractured. Mr. Smith is a son of T. P. Smith, a well known citizen of Winder, and is 36 years old.

To Get Officer Who Fled.

Washington, Dec. 26.—The war department will make an effort through the state department for extradition proceedings to bring back to this city from Mexico Lieutenant Harry Freshwater, of the [illegible] infantry, who recently fled from Fort Bliss, while under charges of financial irregularities.

Cured Paralysis.

W. F. Baily, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her alright. I have also used it for old sores, frostbites and skin eruptions. It does the work." Sold by W. M. Johnson.

BODIES SCATTERED ABOUT THE STREEES

500 Russians And 200 Chinese Killed In Riot.

STATEMENT OF AN EYEWITNESS

Place After Place Was Burned and When Riots Ceased Over Two Hundred Stores Had Been Destroyed. Bodies Unburied for Three Days.

Victoria, B. C., Dec. 25.—Henry Busch, of Clarkson & Co., of Vladivostok, Port Arthur and Harbin, who arrived from Vladivostok by the steamer Tartar, was an eyewitness of the revolt among the Russian soldiers there, and gave a graphic story.

The trouble began at a Chinese bazaar where, following a dispute, a mob of soldiers rushed the stalls, grabbing everything they could lay their hands on. Many Russians went to a steamer which was discharging oil and saturated the bazaar with it.

They then set fire to the place and burned it quickly, many of the wounded Chinese being then incinerated.

From the bazaar the soldiers went to the German firm of Schloss & Co., and the occupants fled for their lives. The commander, Katsoff, ordered the troops who were in barracks but instead of preventing the revolting soldiers from rioting they fired at the windows while the looters were busy below.

Mr. Busch says they would not fire on the revolting soldiers, although they were quick enough to bring down their rifles to kill Chinese.

The Kunts & Albers, full of merchandise, and the loss must have been over a million dollars, for the mob brought can after can of oil from the wharf and burned the place. By this time the streets were full with screaming-mad Russians and Chinese.

Mr. Busch did not realize his danger until then. Some Chinese rushed at him with shouts of "There's another one!" and he fled.

Of the remainder of tragedy he cannot speak from observation, but he learned from good authority when Kunts & Albers building was burning refugees were crowded into Sampans and all the merchant steamers and transports were leaving the harbor.

That night, Nov. 13, men paid from two to fifty roubles to be allowed to sleep in a sampan in the harbor. Place after place was burned until before the riots ened over 200 stores had been destroyed.

Bodies were scattered about the streets and over 500 Russians and more than 200 Chinese were among the dead. The bodies lay unburied for three days, when they were all herded up by the wholesale and carted away for burial.

Commander Katsureff fled to Santaka, 2 miles away, on the first day and the troops who did not take part in the rioing did not prevent it. Proclamation after proclamation was telegraphed by the fugitive commander, but not until he promised that the troops would be sent to Russia as quick as they could be transported, did the rioting discontinue.

Returning to Vladivoostok Mr. Busch came across body after body, sometimes in groups. The streets presented a sad appearance. He estimates the loss at $20,000,000 and several years will be required to build up the place. Mr. Busch said the army all throughout the region is dissatisfied, and he believes a great revolt will take place before long.

Officer Wounds Broughton.

Pineville, Ky., Dec. 25.—Antony Broughton was shot and perhaps fatally wounded by Assistant Chief of Police Joel Smith, who was assisting Chief of Police Slusher to arrest him. Smith fired twice, one bullet striking Broughton in the stomach and the other striking the chief in the hand. Broughton killed Bradley Smith, son of Joel Smith on the night of Oct. 30 at the same spot Joel Smith surrendered to the authorities.

Train Ran Wild.

New York, Dec. 25.—With the throttle wide open and the engineer unconscious on the floor of the cab, a heavy New York Central locomotive, drawing sixteen cars laden with stone, ran wild through Harlem and finally came to a standstill wrecked, when it crashed into a locomotive of the Harlem division in the Mott Haven yards.

Keep Your Head Clear

And your stomach free from Indigestion if you would be happy with your family and your fellow-man.

The surest thing on earth to get a man's system "out of whack" is heavy, soggy bread, which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.

COOLIE LABOR BADLY WANTED.

South African Mine Owners Jarred by New Premier.

Johannesburg, South Africa, Dec. 25.—Mining officials here deplore the action of the home government regarding the importation of Chinese coolies, as announced by the premier, Sir Henry Campbell Bannerman, in London, Thursday night.

Pending more complete details, however, responsible persons outside of those more directly interested are as to the outcome. In mining circles withholding the expression of opinion it is pointed out that expensive preparations had been made for the coolies, and that the prevention of their importation would entail much hardship on the mine owners.

The latter are determined to make a strong campaign with the possible result of serious difficulties. The cry has already been raised that the imperial government is interfering unwarrantably with the rights of the Transvaal, and many persons here look for an outburst of disloyalty.

HAVE BOLL WORM ON THE HIP.

Declared that Cotton Growers Can Now Exterminate This Pest.

Washington, Dec. 25.—According to the annual report of L. O. Howard, in charge of the bureau of entomology of the department of agriculture, the main work of the bureau for the past fiscal year ended June 30, 1905, was in connection with cotton boll weevil, the cotton boll worm, importation of beneficial insects injurious to vegetable crops and affecting the great staple field crops and work in silk and bee culture.

The investigations into the cotton boll worm were such that cotton planters will, it is believed, be enabled to control that injurious pest.

The investigations of the yellow fever mosquito, the report says, have indicated the line of its northward distribution, and during the epidemic of the last summer the results of this work were extensively used in establishing quarantine lines.

Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." J. W. McCollum & Company.

Bank President Sued.

St. Louis, Dec. 26.—Receiver Essen of the People's United States bank, has filed suit in the St. Louis county circuit court against E. G. Lewis, president and the directors of the People's bank on a note for $146,375.63. The answer of the defendants, filed at the same time, admits the making of a note, but says it was issued without consideration, and it had been released, discharged and surrendered by the bank before Essen's appointment as receiver.

LaGrippe and Pneumonia.

Pneumonia often follows lagrippe, but never follows the use of Foley's Honey and Tar. It cures lagrippe, coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, 157 Osgood street, Chicago, writes: "My wife had a severe case of lagrippe three years ago and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50-cent bottle cured her cough entirely." Refuse substitutes. J. W. McCollum & Company.

KILLED 7 NEGROES; WOUNDED 7 MORE

They Tried To Mob White Man In South Georgia.

MANAGER OF TURPENTINE STILL

When Blacks Made Effort to Harm Him, White Man Barricaded Himself and Opened Fire with Fatal Results—Details Are Meager.

Valdosta, Ga., Dec. 25.—Report has just reached here from Ewing, between Fargo and St. George, the new colony town, that a large crowd of negroes tried to mob a white man, the manager of a large turpentine still at that place, last night.

The man, after being pursued, retreated and barricaded himself in a building and opened fire upon his pursuers, killing five men and two women and wounding seven others.

Details of the trouble are lacking.

LAWYERS FINED FOR APPEALING

Mrs Taggart's Plea for a New Trial is Refused.

Wooster, O., Dec. 25.—The motion for a new trial in the Taggart divorce case was overruled by Judge Eason. Mrs. Taggart's attorney, who made the motion, took exceptions to the ruling with the announced intention of carrying the case to the circuit court.

The court took four hours to give the decision. He paid particular attention to the affidavits against himself, some of which declared that he was prejudiced and biased in giving the decree of divorce to Major Taggart. He pronounced these affidavits unfair, unjust and unusual for lawyers to make and other affidavits were a mass of trash.

The attorney who swore to the affidavits, he said, were clearly in contempt and he imposed a fine of $15 each upon Judge Lyman Cricthfield, Captain James B. Taylor and Judge M. L. Smyser. He suspended collection of the fines until the circuit court could pass upon his decision in the case. The attorneys made a vigorous protest against such a proceeding and insisted that he place his charge against them in writing.

LOOK TO RIVER FOR LOW RATES

New Steamship Line Will Start from Apalachicola.

Columbus, Ga., Dec. 25.—President Cargill, of the Columbus board of trade, has received a letter from Apalachicola notifying him that a new steamship line between that city and New Orleans had been established.

Apalachicola is at the mouth of the Chattahoochee river and being Columbus' port, the business men of this city are much interested in the development and extension of transportation facilities there, as the commercial and manufacturing interests of this city are directly benefited.

It is the fixed opinion of Columbus business men that lower freight rates for this city will be secured only through the Chattahoochee river and boat line connections at Apalachicola with ocean steamers.

Remarkable Cure.

"I was much afflicted with sciatica," writes Ed C. Nud, Iowaville, Sedgwick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used. Have recommended it to a number of persons. All express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and $1. Sold by W. M. Johnson.

His 24th Time to Break a Bone.

Greenwich, Conn., Dec. 25.—Chester Hunter, a rural mail carrier, broke his leg while alighting from a carriage. This was the twenty-fourth bone to be broken in his body since he was born twenty-four years ago. His legs have been broken twelve times and his arms, fingers and ribs have been fractured.

A Fearful Fate.

It is a fearful fate to have to endure the terrible torture of piles. "I can truthfully say," writes Harry Colson of Masonville, Ia., "that for blind, bleeding, itching and protruding piles, Bucklen's Arnica Salve is the best cure made." Also best for cuts, burns and injuries. 25c at all druggists.

Ponchartrain Takes Lives.

New Orleans, Dec. 25—A thrilling tale of the fury of Lake Ponchartrain during the heavy storm of Tuesday night and the shipwreck of the schooner Severne has reached here. The schooner was blown against the pilings near the Northeastern railroad bridge, and went down in 12 feet of water. Willie Kalpmann, son of the captain of the schooner, in an effort to save his father's life, was lost. Captain Kalpmann, a sailor called "Dad," and an unknown man, managed to swim to the bridge and saved themselves.

Office and Store Robbed.

Waynesboro, Ga., Dec. 25.—The express office at Nunnerlyn has been robbed. The entrance was effected through the rear window of the office of J. T. Robinson's store, in which the office of J. T. Robinson's store, the express office was situated. The store suffered more than the express company because only whisky was stolen from the latter. There is no clew to the robbers.

Man Killed Wife.

Dallas, Tex., Dec. 25.—P. W. J. Meador, aged 60 years, shot and instantly killed his wife, Mattie Meador, proprietress of a boarding house, and then fatally wounded himself in Dallas today. Meador stated that he committed the act on account of family troubles. His wife recently moved to Dallas from Blooming Grove, Tex., and the husband followed her.

$75,000 Blaze in Oklahoma.

Oklahoma City, O. T., Dec. 25—The Oklahoma Ice and Brewing company cold storage plant owned by Adolphus Busch, of St. Louis, and containing 7,000 cases of eggs, has been destroyed by fire. Loss is estimated at $75,000. A meat wagon driver was arrested charged with having set fire to the plant.

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eleminate the poisons from the blood. Unless they do this good health is impossible. J. W. McCollum & Co.

CZAR WOULD TAKE MATTERS IN HAND

Expressed Self Heatedly With Reference to Ministers.

MEN ISSUE A NEW MANIFESTO

Agitators Are Murdered by Peasants Who Are Enraged at Their Attacks on the Emperor—Revolutionists Make Attacks on Police.

New York, Dec. 25.—A cable dispatch to The Herald from St. Petersburg, dated Dec. 22, says:

At a meeting at Tsarkoe-Selo the monarch expressed himself in very heated terms with reference to the want of agility of the ministers to meet the situation and gave them three hours to come to some decision. Failing this, the emperor said if they had so lost their heads he would take the reins into his own hands immediately and would call a meeting of his military council to consider the advisability of declaring the whole of Russia in a state of siege.

Workmen Issue Manifesto.

The Workmen's alliance published a paper called the Voice of the North, and 150,000 copies were distributed bearing a manifesto. This demands a constituent assembly, universal suffrage, freedom of the press, an eight-hour day, more land for the peasants and the right of association.

The manifesto is signed by the same workmen's association as the previous one, but with the important addition of the alliance of the Baltic provinces and the Polish alliance.

Troops Assist to Open Traffic.

Moscow, Dec. 25.—Traffic has been opened here with the assistance of the troops and the railroad battalion. The lines to Nishni-Novgorod, Yaroslav, Kazan and Nicholas road to St. Petersburg, are working normally. In coming trains only are running on the Windau and Voronezh lines. The tie-up is complete on the Ural and Kursk lines.

Workmen Surrender to Troops.

Troops surrounded a school house where workmen were meeting here and summoned the men to surrender. Several blank shots were fired to intimidate the workmen who replied with revolver shots and bombs. Artillery was then brought up and the school house was bombarded until the survivors of the workmen surrendered.

Strike is Ineffective.

Vladimir, Russia, Dec. 25.—Owing to the hostile attitude of the people here who attacked the houses of the railroad men the strikers would have been torn to pieces had the troops not interposed. The railroad strike here is ineffective. Most of the employes are working. Reports received here from several villages in the provinces tell of the murder of agitators by peasants who were enraged at their attacks on the emperor. Among the victims was a young woman. Two policemen who tried vainly to save an agitator in the village of Nodol were themselves torn to pieces.

Revolutionists Attack Police.

London, Dec. 25.—A dispatch to a news agency from St. Petersburg says that barricades have been erected on Tvorski street, the chief thoroughfare of Moscow; that the revolutionists are holding them bravely and that they are making repeated attacks on the police. Cossacks and dragoons whenever the latter attempt o convey prisoners to jail are attacked. The patrols of troops are accompanied by machine guns which are unhesitatingly used against the revolutionists.

Proclaimed Provisional Government.

Kursk, Russia, Dec. 26.—The striking railroad men of this city have proclaimed a provisional government and have issued an appeal for support in settling up a Russian republic.

BOY DEAD; GIRL ILL.

Immigration Laws Separted Children From Their Parents.

New York, Dec. 25.—A peculiar and pathetic fate has overtaken the two children of Mrs. Marie Santangelo, of Youngstown, O., who were forcibly separated from their mother by the workings of the immigration laws. The children were to be deported. Ehric, a boy of 6, died of scarlet fever, and Asunta, a girl of 9, is too ill for the decree to be executed.

A month ago Mrs. Santangelo, whose husband is a naturalized citizen of the United States, living in Youngstown, came to this country with the children. She was admitted only because her husband was a citizen, but the children, who had trachoma, were ordered to be deported.

The girl was left alone to care for her brother, both being practically prisoners of the immigration department, while their mother went on to Youngstown. The boy soon became sick leaving his sister alone among strangers. Then the girl was taken ill, and is now suffering with measles.

The immigration authorities here have decided to appeal to the secretary of the department of commerce and labor to have the girl placed under the parents' care.

OGLETHORPE SHAFT UNVEILED.

Brunswick Is First To Honor Founder of State of Georgia.

Brunswick, Ga., Dec. 25—One of the most interesting events in Brunswick history occurred when the pretty monument erected to the memory of General James Oglethorpe was unveiled. An unusually large crowd of people attended the exercises, which were simple but imposing.

All the school children of the city attended and sang "America." The monument was presented to the county by Captain Charles S. Wylly, on on behalf of the Oglethorpe Monument association and the Daughters of the American Revolution. A reception followed.

The monument was unveiled by little William McIntosh Dunwoody. He is the great-great-grandson of Colonel William McIntosh, of McIntosh county, who was himself the ward of General Oglethorpe, and appointed by him in 1740 as a cabinet in his regiment, and he served as an aide of General Oglethorpe's military family.

By erecting this pretty monument Brunswick is the first city in the state to thus honor General Oglethorpe.

STICKING TO ELEVEN CENTS.

President Calvin, of Farmers' Union, Gives Out Interview.

Dallas, Tex., Dec. 25—President E. A. Calvin, of the Farmers' Union of America, in an interview said:

"We have made no change in our minimum for cotton. It has not seemed to depart from 11 cents, though President Harvie Jordan, of the Southern Cotton association, has asked repeatedly that we join them for 15 cents. We did not think it best. Our farmers know when to sell.

"As far as we can judge, there is at least 22 per cent of the cotton of this season still in the hands of the farmers. Many of our members have not sold at all."

Three Killed in Wreck.

Phoenix, Pa., Dec. 25—Three trainmen were killed today in a wreck on the Philadelphia and Reading railroad at Perkiomen Junction, between a milk train and a freight train. Albert Hartman, engineer, and Hardy McCauley, express messenger, were seriously hurt.

Traffic Delayed by Wreck.

Union, S. C., Dec. 25—Through traffic has been delayed many hours on account of the derailing and wrecking of three freight cars loaded with cotton mill products near Carlisle, 14 miles from here. The engine remained on the track and no one was seriously injured.

SIGNALED WHILE HANGING.

For Half a Minute Man as Prearranged Gave Signal.

Jersey City, N. J., Dec. 25.—Dr. Carlton Simons, who witnessed the hanging Friday of Edwin F Tapley, Jr., declared that the murderer gave the prearranged signals in proof that he was conscious nearly half a minute after the trap had been sprung. Dr. Simon said:

"The actual test on the gallows was most successful. Tapley was absolutely in possession of his mental factulties. The hands and fingers moved with convulsive contractions. Then the hands fell rigid at the sides.

"Five seconds passed and then Tapley began the signals agreed upon between us."

One Acquitted; Other Guilty.

New York, Dec. 25.—A dispatch from Havana announces that Nicholas Biddle, a New York newspaper correspondent, and W. A. Varty, a newspaper man of Havana, were tried yesterday on the charge of stealing a floral wreath from a historic wall which commemorates the execution of the year 1871 of a dozen Cuban students by the Spaniards. Biddle was discharged, cleared of complicity in the affair, and Varty was sentenced to 20 days' imprisonment and to pay the cost of the wreath. Biddle proved an alibi.

Freigh Train Kills Man.

Barnesville, Ga., Dec. 25.—The Central local freight No. 96, in charge of Conductor John Peugh, ran over and killed a man, supposed to be W. B Brunson. One wheel passed over his breast, crushing his body terribly, and both arms were broken. The only eye-witness, John Pound, a negro, refused to make any statement, saying that he had been thus advised, but evidence seems to show that Brunson undertook to go under the train to get across, when it moved off and caught him.

Stabbed by Sailor.

Philadelphia, Dec. 25—Joseph Tate, aged 29 years, was fatally stabbed today by a sailor known as John. Tate was recently married to a girl whom the police knew as Pearl Wilson and Mary Summerfield. She is 17 years old. She is employed at night, and while away last night his wife met the sailor and spent the greater part of the night drinking with him. When the pair returned to the woman's home her husband was there and a fight occurred. John has not been captured.

Fireman Killed by Explosion.

Elmira, N. Y., Dec. 25.—A Lehigh railroad locomotive drawing a southbound freight train, while pulling into a siding at Van Etten, exploded its boiler, killing the fireman and fatally injuring four others of the train crew. All the men are from Sayre, Pa.

Trains Wrecked by Collision.

Birmingham, Ala., Dec. 25.—Two heavy freight trains on the Southern railway collided head on at Linn's crossing, 16 miles west of here, due, it is said, to the operator at Littleton overlooking an order. Two engines and sixteen cars were wrecked and thrown down a steep embankment. An unknown tramp was fatally hurt, while Engineer Andrew Hohen, of the westbound train, was dangerously injured.

To Send Bodies Home.

Washington, Dec. 25.—The state department has sent instructions by telegraph to the United States consular agent at Diaz, Mexico, to endeavor to secure and return to Philadelphia the bodies of the two Americans, Rutherford and Murray, killed near that place by bandits.

Steamer Reported Aground.

Mobile, Ala., Dec. 25.—A wireless message from the steamer Princess George, coming up Mobile channel, reports a steamer aground off Ajax Shoals, off the Florida peninsula.

The Requisite of Beauty.

The first requisite of beauty is a clear complexion. Orino Laxative Fruit Syrup clears a sallow, blotched complexion, as it stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it if your complexion is bad. Orino Laxative Fruit Syrup does not nauseate or gripe and it is very pleasant to take. Refuse substitutes. J. W. McCollum & Company.
